This policy provides guidelines for Harrisonburg Police Department for authorized uniforms and civilian attire regulations. It is established to ensure that uniformed employees will be readily identifiable to the public through the proper use and wearing of department uniforms, and that the appearance of employees who wear civilian attire reflects favorably on the Department.

This policy addresses the wearing and maintenance of department uniforms, accessories, insignia, patches and badge; the requirements for employees who wear civilian attire; and the authorized use of optional equipment and accessories by employees of the Department.

Other related topics are addressed in the Badges, Patches and Identification, Department-Owned and Personal Property, and Personal Appearance Standards policies, and Awards and Commendations policies.

The Harrisonburg Police Department will provide uniforms for all employees who are required to wear them in the manner, quantity and frequency as determined by the Chief of Police or the authorized designee. All uniforms and equipment issued to Harrisonburg Police Department employees shall be returned to the Department upon termination or resignation.

It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violation of this directive, if proven, can only form the basis of a complaint by this department, and then only in a non-judicial administrative setting.
