

Private Sector Involvement

a. Neighborhood associations or community development associations active in or affecting the study area.

There are formal and informal neighborhood associations for the residential areas surrounding Heritage Oaks Golf Course (HOGC).

Heritage Estates: A housing development immediately adjacent to Heritage Oaks, has an active and formal homeowners association.

i. Schools, hospitals, churches, etc., within or affecting the study area.

In the vicinity of Heritage Oaks, there are three public schools - one of which was actually built on land originally purchased for the golf course. These school facilities include Harrisonburg High School, which is located immediately across Garber's Church Road from HOGC. Bluestone Elementary School is located on the property originally purchased as part of the golf course project. Bluestone is located adjacent to the driving range. Finally, Thomas Harrison Middle School is located to the north-west of the golf course property.

These three schools have a combined student population of approximately 3174 students (Bluestone Elementary School – 551, Thomas Harrison Middle School – 694 and Harrisonburg High School – 1929).

ii. Financial institutions, foundations, major corporations active in or interested in the area. – N/A

iii. Business organizations. – N/A

iv. Others as appropriate. – N/A
