## Crews to extend South Main St. turn lanes onto Port Republic Road

HARRISONBURG, Va. – Crews are expected to begin work on Monday to extend the two South Main Street left-turn lanes onto Port Republic Road.

The effort will increase the amount of vehicles able to safely sit in the turn lanes on South Main Street, where waiting vehicles can occasionally back up into the through traffic lanes. The work will double the amount of space in the turn lanes.

While work takes place, drivers may experience intermittent traffic impacts due to lane closures in either direction. Drivers should use caution when traveling in this area.

(Above) Work will improve the two South Main Street left-turn lanes onto Port Republic Road.

Work is expected to take approximately 90 days in hopes of completing the project prior to the start of the next school year.

**The City of Harrisonburg** is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 54,000 people. More information about the City of Harrisonburg is available online at [www.HarrisonburgVA.gov](http://www.HarrisonburgVA.gov).
