

ADDENDUM #3
ITB/RFP NUMBER: 2022030-PW-P
Inspection, Testing, Maintenance & Repair Services for Fire Sprinkler Systems,
Backflow Preventer & Fire Pump RFP

DATE: June 23, 2022

TO: All Potential Bidders/Offerors

City of Harrisonburg's RFP, is modified as follows:

On June 21, 2022, at 2:00pm local time a non-mandatory pre-proposal meeting was held for the above-referenced solicitation. Attached and made part of this addendum is the sign-in sheet from this meeting. Below are questions and answers from the pre-bid meeting and those received thereafter.

1. Question: What are the normal business hours to schedule inspections, testing, maintenance, and repairs?

Answer: Ideal timeframe is 7am to 3:30pm. Upon award of contract, the City will work with the vendor to determine a scheduling process.

2. Question: When will the next quarterly inspection need to be?

Answer: As soon as a contract is awarded. July of 2022.

3. Question: Would you consider allowing a 4-hour arrival time on emergency calls? Section 3.1.2 says arrive within 3 hours. We are in Richmond and if we need to pull someone off a project to respond to an emergency at one of your facilities it may take a couple of hours to restore a system to service before a crew can depart and head to the facility.

Answer: This is acceptable; we will amend 3.1.2 to within 4 hours arrival time.

4. Question: Would you consider a 7/7/22 on or before 3:00 pm bid proposal closing? There is a lot of information that needs to be pulled together and assimilated into the requested package and to make sure we can get that done, published, and copied; the extra time would help make sure we can get it done in the manner you desire.

Answer: The City will change the closing date of this RFP to July 12, 2022 on or before 3:00pm local time. The new last day for questions will be July 5, 2022 on or before 12:00pm (noon) local time. An updated cover page is attached to this addendum to be completed with proposal response.

All other requirements, terms and conditions of the ITB/RFP remain unchanged.

Addendum page must be signed and returned with your bid/proposal to acknowledge receipt of this addendum.
