A. POLICY AND PURPOSE

This policy provides guidelines for the personal appearance of members of the Harrisonburg Police Department.

Harrisonburg Police Department employees shall maintain their personal hygiene and appearance to project a professional image that is appropriate for this department and for their assignments. Department personal appearance standards are primarily based on safety requirements, appearance conformity and the social norms of the community served, while considering matters important to employees of the Harrisonburg Police Department.

Requirements for department uniforms and civilian attire are addressed in the Uniforms and Civilian Attire Policy.

B. ACCOUNTABILITY STATEMENT

All employees are expected to fully comply with the guidelines and timelines set forth in this policy. Responsibility rests with the supervisor to ensure that any violations of policy are investigated and appropriate training, counseling and/or disciplinary action is initiated. This directive is for internal use only and does not enlarge an employee's civil liability in any way. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violation of this directive, if proven, can only form the basis of a complaint by this department, and then only in a non-judicial administrative setting.
